

1. Try JIRA for free using following web link:  
<https://www.atlassian.com/software/jira>

2. Choose Second Plan with Jira Software + Documentation

### 3. Create Account on Atlassian:

The screenshot shows the Atlassian sign-up page for Jira Software and Confluence. The page has a dark header with the Atlassian logo and navigation links. The main content area is white and features a large illustration of a person at a computer. Below the illustration, the text reads "Centralize and share ideas to supercharge development" and "Jira Software" and "Confluence". To the right, there is a "Claim your site" section with a text input field for "yoursitename" and a ".atlassian.net" domain dropdown. Below this, there are input fields for "Full name" (First and Last), "Email" (sallysmith@email.com), and "Password" (Combine letters, numbers and symbols). A "Show password" link is next to the password field. At the bottom, there is a checkbox for "I'm not a robot" and a reCAPTCHA logo. A link "Looking to host this on your own server?" is also present. The footer contains a search bar and system information.

### 4. Activate Account by verifying e-mail:

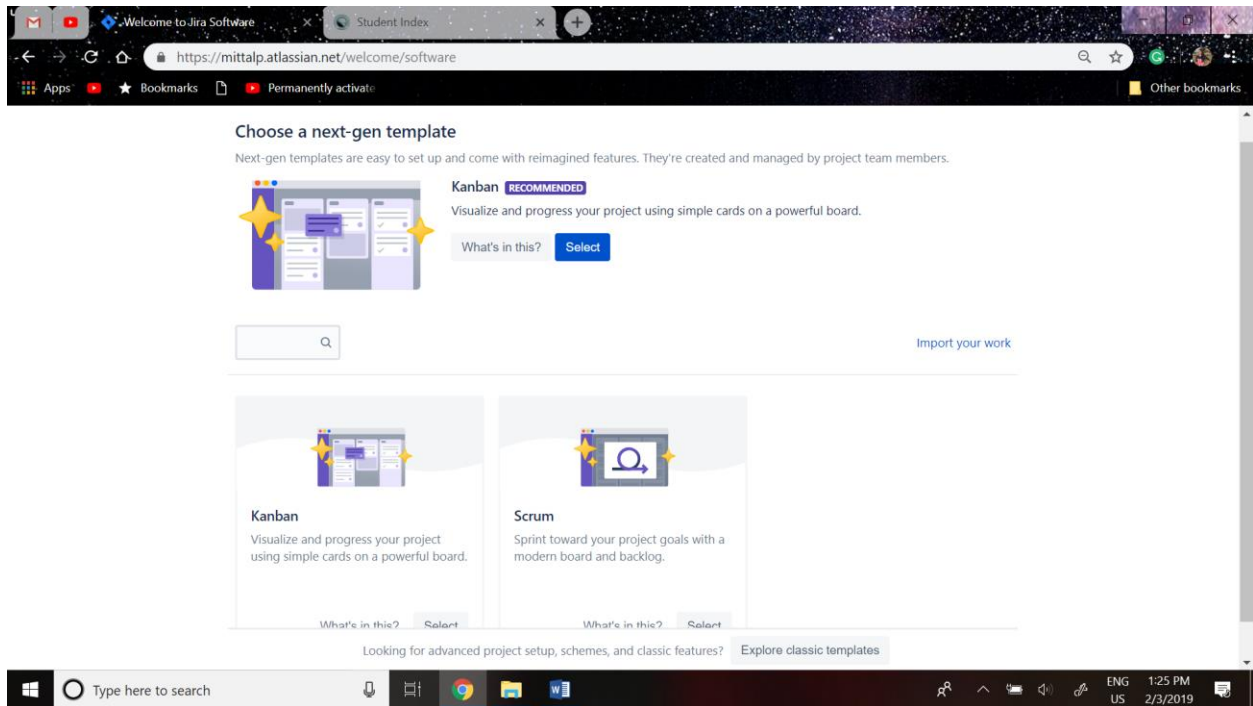

## 5. Start Using Jira

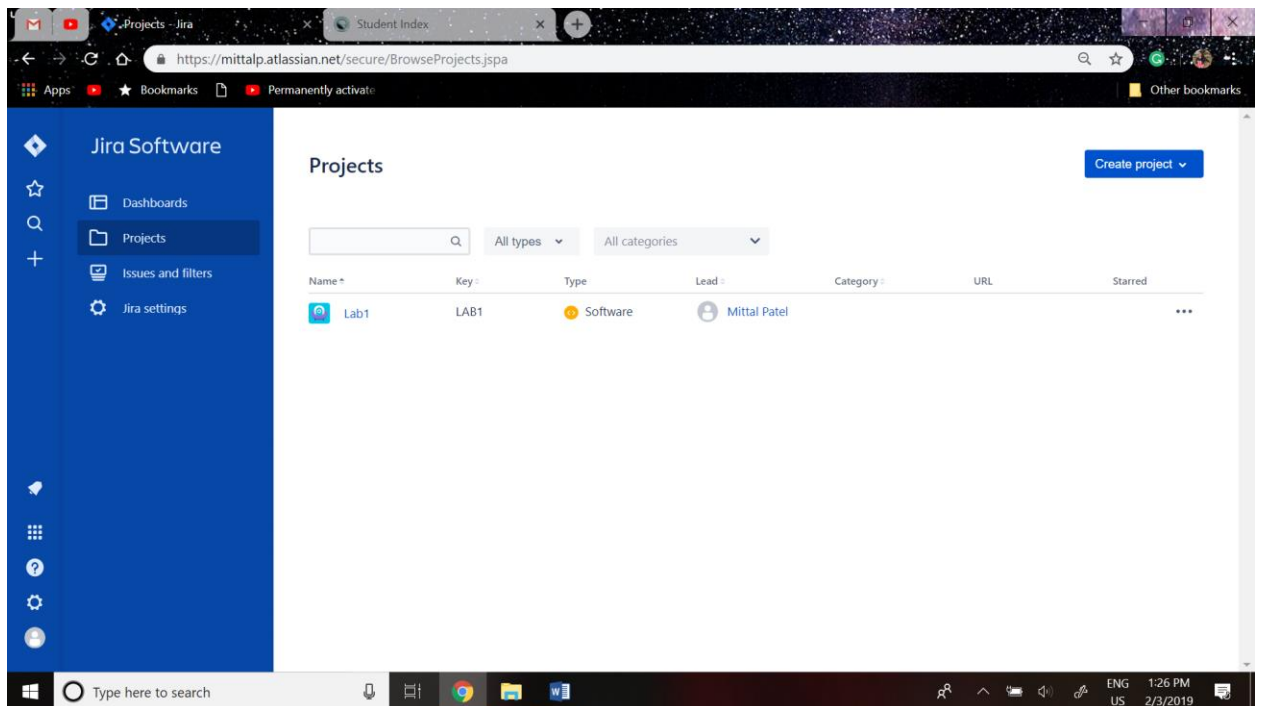

## 6. Setup Profile

## 7. Choose Template

## 8. Create Project

## 9. Dashboard

The screenshot shows the Jira Software Default dashboard. The left sidebar contains navigation links: Jira Software, Dashboards, Projects, Issues and filters, and Jira settings. The main content area is titled "Default dashboard" and includes three widgets: "Introduction" (Welcome to Jira), "Assigned to Me" (You currently have no issues assigned to you), and "Activity Stream" (Your Company JIRA). The Activity Stream shows recent activity by Mittal Patel, including adding Project: Lab1 Home and space Project: Lab1. The bottom of the screen shows the Windows taskbar with the search bar and system tray.

## 10. Create Projects by Categories

The screenshot shows the Jira Software Projects administration page. The left sidebar contains navigation links: Jira Software, Jira settings, Projects, and Project categories. The main content area is titled "Projects administration" and includes a section for "View Project Categories". Below this, there is a table with columns: Name, Description, Projects, and Actions. The table is currently empty. Below the table, there is a form to "Add New Project Category" with fields for Name and Description, and an "Add" button. The bottom of the screen shows the Windows taskbar with the search bar and system tray.
